THE NEW CITY MARKER SHAPES *For: Matmar / Matsson*

Each building has its own "family" of "New City Markers," and each shape is different.

The *Markers* are a neutral light gray, and are made of 1/16 inch brushed aluminum

The *Markers* have been made in three different sizes, as follows:

Large (13.5 x 9 inches): for the outsides of the buildings

Small (4.5 x 3 inches): for the doorways to the individual units

These shapes have been made specifically for this building:
